# Tech It Out!

At the Yakama Nation Library

Having trouble choosing a class?

## Surface Pro 3 (Free)

Come to this class & see if the Surface can replace your laptop. Learn how to use a Surface Pro 3 with the Windows 8 Operating System. Use our devices or bring your own Surface. This is one day class will inform you on how to download apps, the touch screen features, the stylus pen & acknowledge the difference between a laptop & tablet.

## iPad Ninja (Free)

Learn the basics of using an iPad or iPhone.

## Android Warrior (Free)

Learn the basics of using an Android device for example a tablet or smartphone.

## Microsoft IT Academy (Free)

Learn technology skills online through the Microsoft IT Academy. Courses range from basic digital literacy to advanced IT skills. This free program is available to all Washington State residents.

## Bead Workers Computer Class (\$5)

Learn how to get online and search for different designs for your bead working projects. Print some designs and let us teach you how to bead it.

## Microsoft [Test Fest](#) (Free)

Come experience what the Microsoft certification testing is all about. Take a free certification test and receive an incentive for participation. If you are interested in preparing for the next “test fest” you can also sign up for the Microsoft IT Academy program after you participate.

## Computer Basics (\$25)

If you have never used a computer before, this class will help you gain the skills you need. If you have used computers before but feel a bit rusty, you will find that Windows 7, Windows 8, & Windows 10 has some very powerful features and is very user-friendly.

## Excel II (\$25)

This course is designed for people who have a basic familiarity with Excel 2013, Microsoft’s Professional spreadsheet package, & the Windows 7 operating system. It provides the user with a set of skills necessary to tackle some of the more advanced features of Excel 2013.

## Multi-Media 101 (\$25)

Crash course introduction to audio and video production where you will learn how to shoot and edit video and photos from your camera or one of ours.
