Tech It Out!

At the Yakama Nation Library

Having trouble choosing a class?

Surface Pro 3 (Free)

Come to this class & see if the Surface can replace your laptop. Learn how to use a Surface Pro 3 with the Windows 8 Operating System. Use our devices or bring your own Surface. This is one day class will inform you on how to download apps, the touch screen features, the stylus pen & acknowledge the difference between a laptop & tablet.

iPad Ninja (Free)

Learn the basics of using an iPad or iPhone.

Microsoft Imagine Academy (Free)

Learn technology skills online through the Microsoft IT Academy. Courses range from basic digital literacy to advanced IT skills. This free program is available to all Washington State residents.

Microsoft Test Fest (Free)

Come experience what the Microsoft certification testing is all about. Take a free certification test and receive an incentive for participation. If you are interested in preparing for the next "test fest" you can also sign up for the Microsoft IT Academy program after you participate.

Microsoft Office Word I (\$25)

This course gives step-by-step instruction on the basic features of Word 2013. By the end of this class you will be equipped with all of the skills necessary to use Word 2013 to generate simple, effective, high-quality documents.

Computer Basics (\$25)

If you have never used a computer before, this class will help you gain the skills you need. If you have used computers before but feel a bit rusty, you will find that Windows 7, Windows 8, & Windows 10 has some very powerful features and is very user-friendly.

Android Warrior (Free)

Learn the basics of using an Android device for example a tablet or smartphone.
